ROCKNOLL NURSERY MORROW, OHIO

GLORIOUS ORIENTAL POPPIES

LARGE 2 YEAR OLD FIELD GROWN PLANTS THAT BLOOMED WELL THIS JUNE

POPPIES DELIVERED SEPT. 15th to NOV. 1st

Oriental Poppies are very easy to grow, provided you remember one or two peculiarities. Natives of a semi-arid part of the world, they will not tolerate wet feet or shade. They bloom in June and July, then go into a dormant period losing their foliage entirely during most of August and September.

While they are dormant and through October is the best time to transplant large field grown poppies.

4 NEWER POPPIES

	Each	Per 3
OP1 COLONEL BOWLES—A real giant Poppy of deep dark red.	\$1.00	\$2.50
OP2 FIELD MARSHAL VON DER GLOTZ—Very large white. Varnished black spots.	1.00	2.50
OP3 RASPBERRY QUEEN—color of a crushed black raspberry.	1.00	2.50

GC13

TRAILING MYRTLE

10 for \$1.00

100 for \$8.00

Will form dense evergreen mats in either sun or shade. Permanent cover for years and years. Showy blue flowers in spring. Plant 8 in. apart.

ROCKNOLL'S GIANT PANSIES

Plant this fall for Early Spring Flowers

WINTERING PANSIES

Pansies and violas are much hardier than many gardeners realize. They will winter outdoors in most sections of the U.S.A. and Canada with little or no protection. Complete cultural directions on "How to Winter and Grow Pansies" will be sent with each order.

P190 CANADIAN MAPLE LEAF GIANTS

One of the largest flowered strains of giant pansies but somewhat less range of colors.

PLANTS 20 for \$1.50 100 for \$4.75

P191 ROCKNOLL GIANT STRAIN

A well balanced mixture with large flowers in all shades found in pansies. The reds are especially outstanding.

PLANTS
20 for \$1 \$3.50 per 100 \$25 per 1000

HARDY OUTDOOR STRAINS

To have stocky pansy plants covered with giant flowers next spring the plants must be planted this fall preferably in early October in the north and mid November further south. Plants ready from Oct. 1st on.

Many of the plants we send out this fall will be in bud and some in bloom. In a mild winter, you will have pansies in bloom all winter through.

SWISS GIANT PANSIES TO COLOR

- P192 ALPENGLOW—Bright Scarlet
- P193 ULLSWATER—Sky Blue
- P194 RASPBERRY ROSE—New Rose Color

VISIT OUR FIELD OF HARDY MUMS

DIGGING FIELD—Every year we grow a field of clumps for our cash-and-carry customers to dig. Bring your baskets and shovels. In best bloom about Oct. 1.

TRIAL GROUNDS—Come see our new trial mums including our own seedlings being developed into new varieties for the coming years.

FOR FALL 1959 IN BUD AND BLOOM

FALL PLANTING OF CHRYSANTHEMUMS IS BOTH SUCCESSFUL AND RECOMMENDED. For shipping purposes, we use a plant potted in a mixture of sphagnum moss and black peat. Potted plants assure success in transplanting as we can send your plants full of buds, and later flowers, that will not be set back by moving. Order early; ready Aug. 1.

GIANT FLOWERED OUTDOOR MUMS

Hardy varieties that will bloom before frost. 3 to 5 inches across when disbudded to one or two flowers per stem.

WILD FLOWERS and FERNS

WILD FLOWERS

Fall is the ideal time to transplant wild flowers and hardy ferns as they are practically dormant at this time and can become established better for early Spring flowering.

3 FOR 75c \$2.50 DOZ. \$20.00 HUNDRED

NO LESS THAN 3 OF A KIND SOLD

W5 HEPATICA ACUTILOBA—Beautiful anemone-like flowers in earliest spring. Leaves are evergreen.

W6 WILD COLUMBINE—Aquilegia Canadensis. Red and yellow bell-like flowers appear on 2 ft. stems.

W7 BLOODROOT—Sanguinaria Canadensis. About 6 inches high with large flat pure white flowers.

W8 SHOOTING STAR—Dodocatheon Media, Ohio's wild flower. Beautiful white flowers touched with yellow.

W9 VIRGINIA BLUE BELLS—Mertensia. Beautiful blue flowers make this the best loved and best known of all wild flowers in garden use.

W10 PHLOX DIVARICATA—Wild blue Phlox. Pale lilac blue flowers on 15 inch stems. Evergreen foliage.

W11 GREEK VALERIAN—Polemonium Reptans. Jacob's ladder. Divided leaves almost fern-like. Flowers numerous in loose head, bright blue in color.

W12 VIOLA PEDATA BICOLOR—Two-tone bird-foot violet. Sky blue and deep blue. Finely divided foliage. Choice.

W13 JACK IN THE PULPIT—Arisaema Triphyllum. The Indiana turnip has an unusual flower of green, followed by a handsome red seed pod.

W14 WILD GINGER—Asarum Canadensis. Large round leaves, reddish flowers, good as ground cover. Smells and tastes like ginger.

- H29 *WINSOME—E. Light yellow, long season. nite bl.

* We Consider Outstanding in Its Class

Every year hemerocallis or day lilies are becoming deservedly more popular as they grow successfully anywhere in the United States. The new hybrids have brighter colors and larger flowers and many of these listed are high on the popularity polls of the American Hemerocallis Society. These plants bloom from May through August but their main show is in July, when there is not much else in bloom. Their warm colors blend perfectly with the hot July sun. They grow well in sun or half-shade. These plants are grown in our rich farm ground in the Sugar Run Valley and are especially selected from the country's best hybridizers by the owner, B. C. Saur. We ship large flowering roots from August 20th to October 30th.

DELIVERY OF STRAWBERRIES MARCH 1960 TO MAY 1

As an added Rocknoll service we are listing strawberries for 1960 delivery, thus assuring you of your plants when you want them. We do not recommend fall planting but will be glad to book your order from now till spring. MINIMUM ORDER \$3.00. Cash now or C.O.D. in spring. Shipping starts March 1st so please state your best shipping date and send on separate sheet of paper. Thanks. We can hold until May 1st, 1960.

GROUP FR30

250 STRAWBERRIES

To bear thru the season.

50 each of Red Glow, Spar-
kle, Dunlap, Premier, Robin-
son. **\$7.29**

ONLY

FRUIT TREES—3 YEARS OLD

STRAIGHT, VIGOROUS, WELL SHAPED. SURE TO PLEASE YOU.

Fruit trees are not dormant enough for transplanting till after the first October frost, usually about Oct. 15th, so none will be shipped before that date—Oct. 15th.

The Best PEACHES

We have selected what we know to be the best varieties of peach for general fruit growing. All are two and three years old; 3 to 5 ft. high.

\$1.29 EACH 3 FOR \$3.69

ELBERTA

All are Freestone varieties 9/16" to 1" caliper.

FR32 CHAMPION—The hardest early white peach—firm fruit. Very delicious flavor.

FR34 GOLDEN JUBILEE—Earliest yellow fruited peach—Rosy red cheek.

FR33 RED HAVEN—Bright red fruit even before it is ripe—3 weeks earlier than Elberta.

FR62 FAIR HAVEN—The honey-sweet peach; a cross between J. H. Hale and South Haven. Meat golden, cheeks bright red.

FR31 ELBERTA—The best known peach—Ripens end of August; golden skin blushed red.

FR63 RIO-OSO-GEM—The best new late peach; a recommended variety for freezing and canning. Fruit deep golden yellow.

GROUP FR44

6 WEEKS OF PEACHES

Plant 4 trees, 1 each of CHAMPION, GOLDEN JUBILEE, FAIR HAVEN, RIO-OSO-GEM for your 6 weeks of ripe peaches.

\$4.75
